December 5, 2013

Dear Katie,

I write to thank you for all of your help with STAND Up, Day. You went above and beyond in multiple ways. You participated in the task force that updated the curriculum and programming. When your co-facilitating teacher was absent, you stepped right in and took the lead with a group of students ensuring their entire STAND Up, Day experience went on without a hitch. The third annual STAND Up, Day was our best STAND Up, Day yet, in part, because of your willingness to pitch in. I am really appreciative of what you have done. On behalf of the students who now feel safer and more comfortable here at Day, thank you!

Sincerely,

Brian Turner
